A great proportion of catarrhs and diseases affecting those advancing in life occur to those having some deficiency in the construction of the eyes—the many years of "Eye Strain" ending in serious forms of disease. Glasses specially adapted in youth to those requiring them save and preserve the sight.

Constantly recurring headaches, spells of dizziness when reading, weak eyes, the letters running together; any of these symptoms indicate a deficiency in the form of the eyes requiring Glasses only to correct and cure.

Mr. LAZARUS supplies his SPECTACLES only after testing the sight.
